Deafness Cannot Be Cared by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous liming of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

See the lovely babe a-dressing: Lovely infant, how he smiled! When he wept, the mother's blessing Soothed and hushed the holy child.

Recent experiments in Trinidad have proved that the native wood, pica doux (scientific name, inga), can be successfully used in the manufacture of rum puncheons in competition with imported woods. A special point in are favor is that it does not flavor or color the liquor in the least; it is quite picatiful all over the island and common in some districts.

e attendance at the Breed theater ening was a record breaker and emmense gathering was delighted the interesting and educational res taken of the scenes and wild als of the jungle with which Col-Roosevelt has been so closely asted of late. The great picture is offins each over eleven hundred long, and shows the principal is in the much heraided hunt.
